**MogoTix for iPhone** is fast and easy to use. But don't take our word for it: try us out!

1

Download our iPhone app by visiting <http://bit.ly/mogotix-app>, or by searching for **MogoTix** on the iTunes Store.

2

Log in using **guest@mogotix.com** as your email, with password **testing94102**. Select an event, and press "Check in Attendees" to scan the two tickets on this page. If your ringer is turned on, you'll hear a confirmation sound.

You can also press "Attendee List" to see your attendees and check them in by name.

3

**That's it!**

You can also demo our Live Check-In board at <http://bit.ly/live-checkin>. Set it up inside your venue to add to the excitement of your event. Enjoy!
